

WHOLE SCHOOL TOPICS LINKED TO OUR CHRISTIAN VALUES

At Tintwistle we have a two-year rolling programme in which we cover six core Christian values. These values are linked to our United Nations Global Themes and subject leaders provide a narrative for how their individual subjects link to the overarching theme. Opportunities for spirituality are woven throughout the themes.

Botheredness Question?	Why is access to clean water so important?	Is a leader truly 'just' if they have to break the rules to protect their people?	Is it better to choose peace and follow an invader's laws, or fight for your freedom?	How do we protect the world for future generations ?	Should we admire societies for their achievements, or be bothered by how they treated human beings?" or Is the real point of school just to help you get the best test scores and get a job, or is it to teach you how to be a kind person who changes the world?"	If the sea gets too warm and puffins can't find enough fish to feed their babies, should biologists spend money to save them, or should we just leave them alone? If the weather gets too hot and a rare butterfly has to fly away to find food, should biologists spend money to save it, or should we just leave it alone?
Key Christian Question	Why is water symbolic in the Bible?			How can be good stewards of Creation?
