

Tintwistle Primary School Suggested Home Learning Timetable

Monday	Tuesday	Wednesday	Thursday	Friday
Lunch				
<p style="text-align: center;">Topic</p> <p>I have uploaded a document for you to read about Tudor entertainment. I would like you to create a 'TV entertainment news report' of Tudor entertainment. You will need to write a short script then have a go at filming yourself - or asking a family member to film you- reading the entertainment report in an interesting and animated way.</p>	<p style="text-align: center;">Science</p> <p>https://classroom.thenational.academy/lessons/who-is-george-washington-carver-6wv36r In this lesson, we will write an information text all about George Washington Carver. We will learn about how he overcame the struggles in his early life to become a fantastic agricultural scientist. We will learn about his important contributions to agriculture (crop rotation!) which are still being used to improve crop yield globally today.</p>	<p style="text-align: center;">French</p> <p>https://classroom.thenational.academy/lessons/introducing-and-describing-yourself-in-french-6hh62r</p> <p>Here is a video that will teach you to say our name and use some simple vocabulary to describe ourselves.</p> <p>https://classroom.thenational.academy/lessons/counting-to-12-and-saying-your-age-cmv6ae</p> <p>I have included two video lessons as they are quite short. In this lesson, we will recap our phonics sounds and greetings from the previous lesson. Then we will learn numbers 1-12 in French and practise those by counting objects. Finally we will learn how to say our age in French.</p>	<p style="text-align: center;">PSHE</p> <p>https://classroom.thenational.academy/lessons/images-in-the-media-cdk32r You are perfect! Did you know that? Well, if you didn't, this lesson will remind you and show you that you are perfect just the way you are! To begin the lesson, we will really break down what the term 'images in the media' means and then visit a photographer who will show us how photos are edited and explain why companies use photo-shopped pictures to sell their product. We will finish the lesson by creating an uplifting postcard which we can give to someone we know and put a smile on their face!</p>	<p style="text-align: center;">RE</p> <p>I would like you to read through the document I have uploaded on Christian beliefs. When you have finished I would like you to write your own set of 'Ten Commandments' called your 'Ten Golden Rules'. Have a think about rules/ ideals you like to live your life by. For example 'Always being kind'.</p>
Break				
<p style="text-align: center;">Topic</p> <p>For example - you might do a review on a trip to the Globe theatre - you could mention one of Shakespeare's play, talk about what the atmosphere was like, if it rained on you while you were watching, whether you had a seat or were standing and the fact that all of the actors were male!</p> <p>I would LOVE to see your finished results!!</p>	<p style="text-align: center;">Science</p> <p style="text-align: center;">Electrical Safety</p> <p>I would like you to create an electrical safety poster. You should include a picture/ photo of a room with various electrical appliances in it. I would like you to point out the dangers and label them. These could include; plugging too many appliances into an extension lead, keeping appliances near water, having exposed or damaged wires, having technology on charge somewhere where they may overheat, having wires and plug sockets where children may interfere with them and ensuring the safety of your electrical equipment regularly,</p>	<p style="text-align: center;">PE</p> <p>I have uploaded the challenges from last week and I would like you to have another go at those and see if you can improve your scores. Let me know how you get on!</p>	<p style="text-align: center;">PE</p> <p>https://classroom.thenational.academy/lessons/linking-jumps-and-throwing-with-a-pulling-action-64wk8e</p> <p>Children will be involved in activities enhancing continuous single and double-footed jumps, experiencing the combination of jumping and moving, and introducing pull-throwing actions. Please note this lesson will require some physical exercise and additional equipment, beyond a pen, pencil or paper. Please see the equipment slide near the start of the lesson video and make sure your child is adequately supervised when equipment is required. Parents and carers are responsible for ensuring that children follow the correct safety advice provided at the start of this lesson and the instructions the teacher gives during the lesson. Parents and carers are responsible for supervising activities where required and for seeking medical advice in advance if your child has a medical condition that may prevent them taking part in physical activity.</p>	<p style="text-align: center;">Golden Time</p> <p style="text-align: center;">Tutorial Time!!</p> <p>Over the first lockdown lots of people learnt new skills by watching tutorials or finding step by step instructions online. I would love it if you could find something new you have never done before and give it a go! Here are some examples; macramé keyrings, gingerbread houses, friendship bracelet, drawing something or making a gift for someone you miss!</p>
